

Title: Senior Associate

Practice Group: Construction and Infrastructure Practice Group

Location: 2512 – 150 King Street W. Toronto, ON, M5H 1J9

Contact: Kristy Foreman
Director, Student Recruitment & Professional Development

We are a preeminent Canadian construction and infrastructure law firm. Our peers and clients recognize our lawyers as the best in the construction industry.

Over thirty years of leadership in Canadian construction and infrastructure law is complemented by a broad offering of legal services, with a focus on finding solutions to complex legal problems, and providing service excellence in our approach and execution.

While the core of our business remains rooted in construction and infrastructure, we also offer our clients an extensive range of legal services in the fields of commercial litigation, professional liability, product liability, corporate commercial law, commercial real estate, workplace law and business immigration.

We are known for delivering exceptional legal services. From conversation to persuasion, from contracts to the courtroom, we are driven to meet our clients' objectives.

The Firm has almost 60 lawyers in two offices (Toronto and Vancouver) and provides a wide range of legal services including the following key practice areas:

- Construction and Infrastructure
- Commercial Litigation
- Professional Liability
- Corporate Commercial Law
- Commercial Real Estate
- Insurance Defense
- Entertainment Law
- Workplace Law
- Wills and Estates
- Business Immigration

OUR COMMITMENT

At Singleton Reynolds, we are committed to providing a rewarding and supportive working environment. The Firm maintains many programs to fulfil this commitment. For example, the Singleton Reynolds Institute is an internal seminar series aimed at providing a wide range of

skills-based training for all of our lawyers. We also employ the services of a professional business development coach who works with each of our Associates, to help them create individualized business development plan and to execute that plan. The Firm culture has a well-established mentorship program and continuous feedback to ensure that our Associates succeed and develop as leading practitioners in their chosen field.

THE ROLE

We are looking for lawyers with 5-10 years of call and experience working in the areas of construction & infrastructure law. This role will involve working in a team-based environment as a key participant in the Construction and Infrastructure Practice Group in Toronto, which handles some of the most high profile and complex construction matters in the country. The successful candidate will work collaboratively with colleagues to:

- Develop their legal skills and expertise
- Contribute to Practice Group initiatives and business development activities
- Contribute to articles for submission to local publications, the Firm's website and Letter of the Law newsletter, and events and seminars for clients
- Assist Partners with construction files and matters of varying complexity
- Deal with matters from initial instructions through to completion, including the drafting of documentation, dealing with all correspondence, and proactively moving matters forward
- Ensure outstanding client care is given at all times while maintaining a highly professional approach
- Manage all files methodically and efficiently and in accordance with Firm procedures and requirements
- Demonstrate initiative and be proactive in the business development of the their practice, the Firm generally and, in particular, the development and expansion of the Construction and Infrastructure Practice Group

KEY QUALIFICATIONS and EXPERIENCE

- Five to ten years of experience in the areas of construction and/or commercial litigation
- Strong team player with excellent work ethic
- Excellent oral and written communication skills
- Demonstrates resilience and grit
- Ability to develop business including commercial awareness and business acumen
- Comfortable with technology; competent computer skills including: MS Word, Excel, Outlook, Internet, and litigation related software.

KEY COMPENSATION

A competitive salary and benefits package together with opportunities for personal and professional growth.
